

Volunteer Philosophy

Volunteers are the foundation of Special Olympics. Athletes are why we exist, and volunteers are how we exist. Volunteers are set up for success through ongoing training and support, meeting both the goals of the volunteer and Special Olympics. Volunteers serve as ambassadors for Special Olympics and bring a priceless gift of enthusiasm and service to the community.

Volunteer Orientation

Orientations are tentatively scheduled for the months of March, June, August, October & December. Please contact Liz Grumet, Sports Manager for further information regarding Times and Locations at 831.373.1972 x201.

To fully understand our program we request that you attend a Volunteer Orientation. At that time all volunteer opportunities will be fully discussed and you will have an opportunity to ask questions.

Contact Information
